Educator Opportunities Reviewer and Education Scholarship Opportunities Available!

GEA Call for Reviewers: The Group on Educational Affairs (GEA) Regional Meeting Planning Committees are looking for reviewers for the 2019 GEA Regional meetings and/or the 2019

AAMC Annual Meeting. Peer-review plays a critical role in the selection of presentations at these meetings and timely and constructive feedback to authors is essential to the submission process. As a reviewer, you have the opportunity to contribute to the medical education literature, help others refine their work, and develop your own skills as both reviewer and author. There will not be overlap between the GEA Regional Meeting submission review period and the AAMC Learn Serve Lead review period. If you are interested in serving as a reviewer for any of these national meetings, follow this [link](#) to complete a brief survey.
